Frequently Asked Questions

How quickly can I create my digital card?

Most users complete their professional digital card in under 2 minutes. Our intuitive interface and pre-designed templates make it incredibly fast.

Can I update my card after creating it?

Absolutely! You can update your card anytime, and all changes reflect instantly across all platforms where you've shared it.

Do I need technical skills?

Not at all. Our platform is designed for everyone. If you can use WhatsApp, you can create a stunning digital card.

How does the lead capture work?

Every time someone views your card, their information is automatically captured (with consent). You get instant notifications and can follow up immediately.

Is my data secure?

Yes. We use bank-level encryption and comply with all data protection regulations. Your information is completely secure.
